Summer Training

Apprenticeship   May 2024 - July 2024
Gokboru Tech Private Limited

- Strengthened expertise in **frontend technologies** through immersive training in **HTML, CSS, JavaScript, React.js, and Tailwind CSS**, enabling the creation of dynamic user interfaces.
- Successfully designed and implemented a **hotel booking platform** utilizing **React.js** and **Tailwind CSS**, ensuring an **intuitive layout** and **seamless navigation**.
- Acquired proficiency in **advanced UI methodologies**, including **state handling, adaptive layouts, and modular components**, enhancing software efficiency and scalability.
- **Integrated external APIs and backend services** to enable **real-time data processing**, improving system responsiveness and user interaction.

Projects

Online Shopping Portal/ *PHP, MySQL*   Aug 2024 - Sep 2024

- Developed a comprehensive **e-commerce platform** featuring **user authentication, product catalog management, and secure checkout** to enhance the shopping experience.
- Engineered a **custom admin dashboard** for **efficient inventory tracking, order processing, and customer management,** streamlining backend operations.
- Optimized **MySQL queries** and **database schema**, resulting in **faster data retrieval** and **improved system performance**.
- **Implemented RESTful APIs** for seamless **server-client communication**, ensuring a robust and scalable architecture.

Hotel Booking Website / *React.js, Tailwind CSS*   July 2024 - Aug 2024

- Built an interactive **hotel booking website** with a **modern UI/UX**, enhancing **customer engagement** and **ease of booking**.
- Implemented **dynamic filtering and search functionalities**, allowing users to find accommodations based on **location, availability, and pricing**.
- Optimized **responsiveness** and **component reusability**, ensuring a consistent and adaptable experience across all devices.
- Enhanced **system efficiency** by utilizing **state management** with **React hooks**, reducing load times and enhancing performance.

Certificates

Building Web Applications in PHP   Nov2024

Coursera — https://www.coursera.org/account/accomplishments/verify/H7IUBL8XX4OL

Technical Skills

Languages C++, Java, JavaScript, PHP

Technologies/Frameworks: Tailwind CSS, ReactJS, NodeJS, Git, MongoDB, MySQL

Skills: Data Structures and Algorithms, Problem-Solving, Version Control (Git, GitHub), Database Management

Education

Lovely Professional University Punjab   2022 – 2026
Computer Science and Engineering — CGPA: 6.10   *Jalandhar, Punjab*

S.K.P School, Lucknow   2020 – 2021
12th with Science — Percentage: 91.2%   *Bhagalpur, Bihar*

D.A.V Public School   2018 – 2019
10th with Science — Percentage: 91.8%   *Bhagalpur, Bihar*
